in Partial Fulfillment of the Requirement for the Master of Science (Banking)
PERMISSION TO USE

In presenting this dissertation/project paper in partial fulfillment of the requirements for a Post Graduate degree from the Universiti Utara Malaysia (UUM), I agree that the Library of this university may make it freely available for inspection. I further agree that permission for copying this dissertation/project paper in any manner, in whole or in part, for scholarly purposes may be granted by my supervisor(s) or in their absence, by the Dean of Othman Yeop Abdullah Graduate School of Business where I did my dissertation/project paper. It is understood that any copying or publication or use of this dissertation/project paper parts of it for financial gain shall not be allowed without my written permission. It is also understood that due recognition shall be given to me and to the UUM in any scholarly use which may be made of any material in my dissertation/project paper.

Request for permission to copy or to make other use of materials in this dissertation/project paper in whole or in part should be addressed to:

ABSTRAK

kata kunci: Gen Y, tabiat penjimatan, celik kewangan, pengaruh rakan sebaya, hubungan sosial dengan ibu bapa, kawalan diri
The purpose of this study is investigating the significant relationship between factors that influence saving habits among Gen Y (students of the Politeknik Sultan Azlan Shah). This study was performed on four (4) different department in Politeknik Sultan Azlan Shah which are Commerce Department, Mechanical Engineering Department, Electrical Engineering Department and Civil Depart Department. The objective of this study is to investigate the saving habits of Gen Y (students at Politeknik Sultan Azlan Shah) and to identify which factors will be the most influential among financial literacy, parental socialization, peer influence and self control. The study used saving habits as a dependent variable and the independent variables used are financial literacy (fl), parental socialization (ps), peer influence (pi) and self control (sc). Person Correlation Coefficient analysis has been applied to examine the significant relationship between independent variables with dependent variables. The results show that Parental Socialization played the most important roles in influence saving habits among Gen Y, and the weakest is self control.

Keywords: Gen Y, saving habits, financial literacy, peer influence, parental socialization, self control
ACKNOWLEDGEMENT

Praise to Allah, the Most Gracious and the Most Merciful who gave me the physical, mental and spiritual strength to complete this thesis amidst many difficulties. My highest and most sincere appreciation goes to my beloved husband Kamarul Nazim Yop Ahmad, my 3 lovely daughters, Hannah, Harissa and Hanez, whom without their love and support would not make possible for me to pursue my education in this university and also my special thank to my mother Puan Rokiah Abdullah and family members Haslinda, Hasrulnizam and Mohd Hisham who had always encouraged and guided me to be independent and strong.

Besides that, i would like to extend my heartfelt gratitude and appreciation to my beloved supervisor, Dr Norshafizah Hanafi for helping me to map out the course of my thesis paper as well as being a diligent mentor that I could count on at all times. Without her guidance, i would not have been able to complete this paper in due time. Thanks again to everyone, including those who I have probably forgotten to mention here.

Alhamdullilah

CHAPTER 1
INTRODUCTION

1.1 Introduction

Chapter one aims to explain the overview of the research topic. The background of the study is stated initially and problem statement has been clarified accordingly, followed by defining research objective, research questions, built up hypotheses and also discussed on the significance of this study. At the end, this chapter is concluded an outline of each chapter of this research.

1.2 Background of the Study

The financial industry is an essential and very important which act as the backbone in our economy. In order to ensure the readiness of Malaysia’s financial market players, the authority body, such as Bank Negara Malaysia and Finance Ministry need to identify and develop the framework of banking and financing facilities in order ensure the capabilities of related financial institutions to achieve Wawasan 2020. According to Bank Negara Malaysia (2014), the financial market players consisted of 27 of local and foreign commercial banks, 16 of Islamic banks, 5 of International Islamic banks, 15 of investment banks and 2 of other financial institutions in Malaysia.
